

Griffith College

Academic Website Guide

Irish institutions use different terms when discussing departments, majors, courses, etc. These will be important to know when reviewing the academic options on the program. Below is a brief glossary:

United States

Major

Course/Class

Ireland

Course

Module

Students do not register for modules until they arrive on campus for the start of the semester. It is still important to review the modules available at Griffith College, however, to ensure students receive approval from their academic advisor.

CAPA recommend securing academic approval of 8-10 courses prior to departing for the program. Students should take no more than 30 ECTS credits (15 US credits), which is 5 modules.

VIEWING COURSES AND MODULES

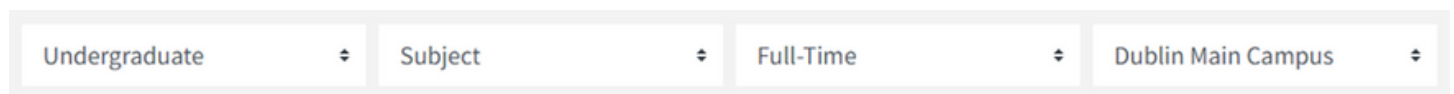

View all course offerings here: <https://www.griffith.ie/find-a-course-results?search=>

When using the course filtering system, select the following criteria:

Course Type: Undergraduate

Study Mode: Full-Time

Location: Dublin Main Campus

After selecting a course you are interested in, you will be taken to that course's webpage. There, select "**Course Details**," where you will find a list of modules available in that course. By clicking on each module title, there will be a summary, and in some cases, a syllabi will be available.

The "**Timetables**" section allows you to review when each module will be taught, but know that course times can be subject to change.
