

Public Transportation in Sydney

Sydney has four main forms of public transportation: ferries, buses, trains, and the light rail. As you will be living and studying in the heart of the city, you will have access to all four forms of transportation.

Upon arrival at your accommodation, you will be given an Opal card transport card; this card is used to 'tap on' and 'tap off' at all terminals or stops. As a part of your program, you will have unlimited access to Opal card funds—so plan to [make the most of them!](#)
