

Queen Mary University London

Academic Website Guide

Students will pre-register for modules (*what we refer to as courses in the US*) prior to arrival at Queen Mary. Students will receive information regarding when they are able to pre-register via the “Countdown” newsletters sent by QMUL.

CAPA recommends securing approval of 8-10 courses from your academic advisor. Students are advised to take a total of 15 credits for a semester program.

MODULE INFORMATION

Module Directory:

<https://www.qmul.ac.uk/modules/>

Subject Guide:

<https://www.qmul.ac.uk/modules/guidance/index.html>

On ‘Step 1,’ select: “Associate student modules,” as these are the modules for students who are enrolled at a non-UK university and will only be studying at QMUL for one semester or one academic year.

‘Step 2’ allows students to filter by school, subject, semester, and level.

Use the chart provided by QMUL to determine what level module is appropriate here:

<https://www.qmul.ac.uk/international/global-opportunities/incoming-students/study-abroad-programme/academic-information/module-registration/>

Each Queen Mary module has a code attached to it, which begins with a number - 4, 5, 6 or 7:

Module code starts with	Study Abroad students should have taken at least the following in the relevant subject field at home:	For reference, Queen Mary degree-seeking students will have already completed the following number of modules in the academic school:
4 (introductory, 1st year modules)	No minimum number of classes required, though some STEM subject areas will require sufficient relevant background (always check for pre-requisites for all Queen Mary modules)	0 to 4 modules
5 (intermediate, 2nd year modules)	3-4+ classes	4 to 12 modules
6 (advanced, FINAL year modules)	6-7+ classes, should also be your major	8 to 20 modules
7 (Postgraduate studies)	Full degree at undergraduate level in related area	Full degree at undergraduate level in related area
