

# University of Technology Sydney

## Academic Website Guide

Students can select subjects (*what we called courses in the US*) across most disciplines offered at UTS.

CAPA recommends securing approval of 8-10 courses from your academic advisor. Students should plan to take between 18-24 credits.

### SUBJECT INFORMATION

Review the UTS handbook for all subjects and majors: <https://www.handbook.uts.edu.au/>

UTS has dedicated an entire webpage to subjects and academic information for study abroad students. Resources include how-to videos, guides by area of interest, and guides by faculty (what we call departments in the US). Review this information [here](#).

Students can confirm session availability for the subjects they are interested in taking using the UTS Timetable Planner:

<https://www.uts.edu.au/current-students/timetable/uts-timetable-planner>

Step-by-Step Guide to Finding Subjects as a Study Abroad and Exchange Student:

### Step-by-Step Guide to Finding Subjects as a Study Abroad and Exchange Student

This guide helps you navigate the two primary tools for finding suitable subjects for study abroad and exchange students.

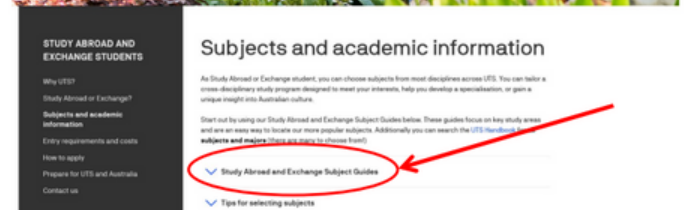

- Study Abroad and Exchange Study Guides
- UTS Handbook

#### 1. Study Abroad and Exchange Subject Guides

Use the [Study Abroad and Exchange Subject Guides](#) as a starting point to view subjects recommended by faculties for Study Abroad and Exchange students.

The [Study Abroad and Exchange Subject Guides](#) can be found on the UTS Study Abroad and Exchange webpage. Students are required to thoroughly research between **6 to 8 subject options (10 maximum)** before submitting their online application.
